

BannerStretch™

*Large-format frames have never been so easy.
Britten's BannerStretch™ presents your message perfectly!*

Anyone can do it: 1) Snap open.
2) Place your banner. 3) Snap closed.
That's how easy it is to install large-format displays with BannerStretch™ from Britten.

Features of the BannerStretch frame:

- Easily hang loose banner in frame before tightening, no struggling with precision alignment or sticky tapes.
- Easily add clamps anywhere in rail, at any time-to get a perfectly stretched banner; Clamps are individually adjustable to get the perfect stretch -no sags anywhere. A truly innovative frame. Patents Pending.
- Outside or Inside use, will not rust, drip or corrode -made of high-grade aluminum alloy and stainless steel;
- Our frame holds ANY type of banner: raw edge, or existing banners with grommets, pole sockets or hemmed edges -any thickness banner;
- Will also hold rigid, but flexible substrates like solid plastic sheets or sheet metal signs. Will eliminate "waviness" and make signs perfectly "flat."
- Shipped in 60"to 80" sections (for larger frames) by UPS ground -for easy and fast assembly on-site.
- No minimums: 1 or 1,000. Any size up to 100 feet ! Made in USA -highest quality at the lowest costs.

Above: Typical loose and sloppy banner mount.

BannerStretch™ frame tightens banner, hides ugly edges and mounting hardware. Nice!
